

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

AN EXAMINATION OF THE)	
APPLICATION OF THE FUEL)	
ADJUSTMENT CLAUSE OF FLEMING-)	CASE NO.
MASON ENERGY COOPERATIVE, INC.)	2017-00012
FROM NOVEMBER 1, 2014 THROUGH)	
OCTOBER 31, 2016)	

ORDER

Pursuant to 807 KAR 5:056, the Commission, on February 6, 2017, established this case to review and evaluate the application of the Fuel Adjustment Clause ("FAC") of Fleming-Mason Energy Cooperative, Inc. ("Fleming-Mason") for the two-year period from November 1, 2014, through October 31, 2016.

As part of this review, the Commission ordered Fleming-Mason to submit certain information and an affidavit attesting to its adherence to 807 KAR 5:056. The Commission further ordered that a public hearing be held in this case but cancelled it when, after publication of notice, no interested person advised the Commission of his or her intent to attend. Fleming-Mason responded to two rounds of discovery. There are no intervenors in this proceeding.

The Commission, having considered the evidence of record and being otherwise sufficiently advised, finds that:

1. During the period under review, Fleming-Mason has complied in all material respects with the provisions of 807 KAR 5:056.

2. East Kentucky Power Cooperative, Inc. ("East Kentucky"), the wholesale supplier of Fleming-Mason, has been directed to reduce its base energy rates by \$.00238 per kilowatt-hour ("kWh") for fuel costs.¹

3. Except for its direct-served customer, Fleming-Mason should be directed to reduce its base energy rates by \$.00248 per kWh to reflect, as adjusted for line loss, the reduction by East Kentucky to its base energy rates. As there is no line loss adjustment for direct-served customers, Fleming-Mason should be directed to deduct \$.00238 per kWh from the base energy rate applicable to its direct-served customer.

4. The rates and charges in the Appendix to this Order are fair, just, and reasonable, and reflect the reduction of fuel costs included in Fleming-Mason's base energy rates.

IT IS THEREFORE ORDERED that:

1. The charges and credits applied by Fleming-Mason through the FAC for the period from November 1, 2014, through October 31, 2016, are approved.

2. Except for its direct-served customer, Fleming-Mason shall deduct \$.00248 per kWh from its base energy rates (as adjusted for line loss) to reflect the reduction of \$.00238 per kWh by East Kentucky to its base energy rates as approved in Case No. 2017-00002. As there is no line loss adjustment for direct-served customers, Fleming-Mason shall deduct \$.00238 per kWh from the base energy rate applicable to its direct-served customer.

¹ Case No. 2017-00002, *An Examination of the Application of the Fuel Adjustment Clause of East Kentucky Power Cooperative, Inc. from November 1, 2014 through October 31, 2016* (Ky. PSC Aug. 7, 2017).

3. The rates in the Appendix to this Order are approved for service rendered by Fleming-Mason on and after September 1, 2017, the effective date of East Kentucky's change in rates.

4. Within 20 days of the date of this Order, Fleming-Mason shall file, using the Commission's electronic Tariff Filing System, its revised tariff sheets with the Commission setting out the rates approved herein and reflecting that they were approved pursuant to this Order.

By the Commission
